Read about the people in texts 7-12. They all would like to learn something new. Match schools/courses A-G with the people whose interests they can satisfy. There is one letter you do not need to use.

- C-7.** Edwina works for a multinational company with branches in most European countries. She really needs to learn French and German, but she has very little spare time and thinks it could be difficult to find time.
- D-8.** Damian got his job as soon as he left school. He never had the chance to go to university. He isn't very happy with his job, but he knows he can't get a better one without a degree. He might try a part-time degree course if it's not too demanding.
- F-9.** Alice has a lot of time on her hands. She is a very creative person with a lot of imagination, which she really doesn't use very much right now. She already has a lot of hobbies, but she'd rather learn something new that would let her use her imagination.
- B-10.** Paul doesn't work; he looks after the children while his wife goes to work. He would like to do something for himself, learn something new or take up a new hobby, but he needs to stay at home.

A-11. Rhona is a school teacher. She teaches mathematics, but has always been interested in art and culture. She takes a great interest in the philosophy and civilization of the East. She may go to Vietnam next year.

Picasso

If you ask many people to (0) name a twentieth-century artist, they will suggest 'Picasso'. Although he (13) was born in 1881 and died in 1973, the general public (14) still thinks of his work as modern art. His early paintings look traditional (15) with us nowadays, but his later work is less easy to understand, (16) all seventy years after he did it. One thing students should (17) remember about Picasso is that he enjoyed a joke. This is clear (18) when we look at the drawings he made on dishes and pots. When we try to (19) judge the importance of Picasso, we must not forget that he was a clever businessman as well as a great artist. Although poor when young, he was excellent (20) in selling his work, and he became extremely rich. He believed he was a great artist, and he could (21) persuade other people that he was too. Some people feel that there are other twentieth-century artists who should be (22) actually famous, but this can only be decided in the future.
